Interior/Exterior GALVANIZED METAL PRIMER

ULTRASHIELD

SPECIALTY

ULTRASHIELD®

is a line of high performance, Zero/ultra-low VOC, very low odor, single component, water-based urethane primers and paints. ULTRASHIELD is ideal for schools, healthcare facilities and other occupied buildings.

ULTRASHIELD Galvanized Metal Primer

is a high performance, ultra-low VOC, very low odor, single component, water-based acrylic primer.

- :: Excellent adhesion and application properties
- :: Good corrosion resistance

Intended Use: Galvanized metal, aluminum, copper, brass, and other ferrous and non-ferrous metals. It can be used on both interior and exterior applications.

ULTRASHIELD Multi-Surface Primer

is a high performance, Zero VOC, very low odor, single component, water-based acrylic primer.

- :: Outstanding adhesion on difficult to paint surfaces
- :: Excellent stain blocking

Intended Use: Concrete, masonry, metal, galvanized steel, plastic, wallboard, wood, plaster, stucco and previously coated surfaces. It can be used on both interior and exterior applications.

ULTRASHIELD Low Sheen and Gloss Paint

is a high performance, Zero VOC, very low odor, single component, water-based acrylic urethane paint.

- :: Mar resistant
- :: Fast drying, under 30 minutes to touch

Intended Use: Doors, cabinets, trim, furniture, equipment and tanks. It can be used on properly prepared and primed interior and exterior surfaces.

Our DIRECT TO METAL System

formulas are designed for application to galvanized steel, aluminum and other ferrous metals

ULTRASHIELD DTM Gray Primer

is a high performance, Zero VOC, single component, water-based acrylic urethane primer. This coating is designed for direct to metal (DTM) application to steel surfaces in mild to moderate industrial environments.

- :: Excellent adhesion and corrosion resistance
- :: Very low odor

Intended Use: Galvanized steel, aluminum, and other metal in both interior and exterior applications.

ULTRASHIELD DTM Semi-Gloss Paint

designed for direct to metal (DTM) application to steel surfaces in mild to moderate industrial environments.

- :: Excellent adhesion and corrosion resistance
- :: Fast drying, under 30 minutes to touch

Intended Use: Properly prepared and primed galvanized steel, aluminum, and other metal in both interior and exterior applications.

PRODUCTS BEARING THIS LOGO ARE EG-FREE® AND TAC/HAP-FREE

Ethylene Glycol (EG), a solvent often used in water-based paints, is listed as a Toxic Air Contaminant (TAC) and Hazardous Air Pollutant (HAP). In 1983, we were the first in the industry to voluntarily replace EG with Propylene Glycol, a non-toxic alternative "generally regarded as safe" by the FDA. Also, every Dunn-Edwards product with the EG-Free logo is free of any other TAC or HAP, too.

is a high performance, Zero VOC, very low odor, single component, water-based acrylic urethane paint. This coating is

SHEEN	MATERIAL #	MAX VOC CONTENT	MAX RAVOC
Primer	ULDM00	0 g/L	0 g/L
Semi-Gloss	ULDM50	0 g/L	0 g/L

Dunn-Edwards is the first paint company to label its products with RAVOC ratings — Reactivity-Adjusted VOC Content — a better way to measure potential air quality impacts of coatings. To learn more about RAVOC ratings visit dunnedwards.com/RAVOC.

LEED® GOLD-CERTIFIED PAINT MANUFACTURING FACILITY

In 2011, Dunn-Edwards opened the world's first and only LEED® Gold-certified paint manufacturing facility in Phoenix, AZ. Encompassing manufacturing, product development, quality control and more, the 336,000-sq. ft. facility is designed to be the greenest in the industry. "LEED" and related logo is a trademark owned by the U.S. Green Building Council and is used with permission

A GREEN LEGACY, A GREENER FUTURE.

Dunn-Edwards has a green legacy that makes us proud and inspires us to do more. We are firmly dedicated to the principle of eco-efficiency, which we define as the ability to satisfy human needs in ways that minimize adverse impacts on energy and material resources, environmental quality, and human health and safety. ULTRASHIELD® is yet another example of this commitment.
